COMMERCE BODY TO AID BOULEVARD FUND

Special Meeting Called for Monday to Consider Plans for Road to Mt. Vernon.

be lead of its president, William F. ude, is heartily in favor of raising the reescary sum to supply the missing nancial link for the completion of the oulevard from Washington to Mt. Ver-

wordsy night, when the Changer will onsider in full the plans for the acdisition of this sum.

We have sent out special notices to the members urging as large an attendence as possible," said Mr. Gude ada. This project is of a great deal moment to Washington, even more than to Alexandria county, although the puleyard will tan the heart of the Virginie county.

There are hundreds of automobilists in the city to whom such a road would be a tremendous boon, and they should all be glad to contribute their mite to the treasury. Not only will a personal appeal probably be made to the indi-viduals, but the matter will be pre-sented to the various automobile associations and manufacturers, whose in-terests are beyond doubt closely bound up with such road improvements.

Plan Whirlwind Campaign.

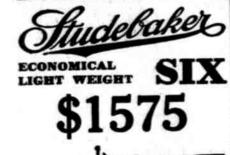

'In all probability we will arrange to get solicitors out and make as much of a whirlwind campaign as possible. There is no use in delay, giving as exthe hot weather or something Whatever is to be done we wish to acomplish before July 1, and the nore 'live wires' we can get out on the

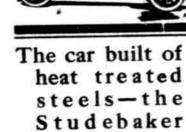

The general interest which is aroused on the project practically assures its speedy consummation, according to the statements of many of Washington's prominent men. When the road is completed it will form part of a magnificent drive from Washington to Richmond. The portion in the immediate vicinity of Washington and the northern part of Virginia being the desire of most of the local motorists.

Only \$10,000 Needed.

The Leesburg boulevard probably will be an outcome of this road's complehas been agitated for some and the two in conjunction will offer rare opportunities for those who motor and drive for pleasure as well as for the farmers along the way, to whom such a roadway is almost a

Practically the entire necessary sum Practically the entire necessary sum or the road to Mt. Vernon is in sight. for the road to Mt. Vernon is in sight. But \$195,000 is necessary to insure the completion of the scheme, as the Fairfax county authorities already have issued bonds to take care of their portion of the road. Alexandria county will provide \$25,000, and Alexandria city will provide \$10,000, while a sufficient number of contributions and sums from other sources are in sight to provide the entire amount, except for the \$10,000 which the citizens of Washington are asked to provide.

SIX. Steels specified by Studebaker to the best makers in America; tested and analyzed before acceptance.

Steels given two to four heat treatments by one or more of more than 100 scientific processes, in 142 furnaces-the largest heat treating plant in the indus-

Heat treatments, coupled with our close manufacturing methods, give the Studebaker SIX-in its perfect alignment and balance, roadability and freedom from vibration-its superiority over the assembled or semi-manufactured

The assembler cannot equal Studebaker SIX quality, because he can only buy the best parts he can get.

Munufacturing methods less scientific, less exacting, cannot equal Studebaker SIX quality and production of less volume cannot equal its value; in any car at any price

Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.

man's success in making the highes score over his many competitors, said

of years, under an annual appro

Dancing Pavilion

Anniversary to Be Observed Quietly by His Family at His Home Tonight.

Chief Frank J. Wagner of the Fire Department and his wife will quietly celebrate at their home, 2611 Eleventh strect northwest, tonight, the fifty-second anniversary of their marriage. Chief Wagner and Mrs. Wagner, who was Miss Katherine Beck, were married in Washington June 12, 1862. Two years ago, on the occasion of their golden wedding anniversary, they were the guests of honor at a reception given by the citizens of Washington at the District Building.

As a testimonial of their high of his years of service as a firefighter the citizens presented to the chief a purse of \$1,100 in gold. The presentation address was made by Henry Franc Resolutions expressing appreciation of his services, engrossed on parchment, and attested with the seal of the District were presented by the Commis

Numerous congratulations were re-ceived today by both the Chief and Mrs. Wagner. They have five children, eight grandchildren, and one great-grandchild. Chief . Wagner completed his thirty-fifth year in the service of the Fire De-partment April I.

Anti-Suffragists Honor The Late Mrs. Huidekoper

High tribute was paid to the loyalty and munificent liberality of the late Mrs. Virginia C. Huidekoper, former vice president of the District Asso-ciation Opposed to Woman Suffrage. the medal to a boy of Stockett's determination and resolve. The competitors by meeting of the association held
were using army rifles, and one shot
which the young man fired had sufficient recoil to tip him over. Not withstanding this he went right on and won. ly meeting of the association held at the anti-suffragist headquarters, on H street, yesterday.

PITTSBURGH BLUSH LOSES TO NUDE ART

La Paresse" Ordered Hung in Carnegie Institute Despite the Director's Ban.

PITTSBURGH. June 12.-"La Par esse," the nude picture by Lawton Par ker, which crossed the sea covered with nors, won in European salons, to be arbitrarily eliminated from the international exhibit here by order of John W. Beatty, director of fine arts and of the Carnegie Institute, will be hanged in a place of honor in the galleries of the institute today.

This action, reversing Director Beat ty, was decided on at a special meeting of the fine arts committee of the institute. An apology was extended to Mr. Parker for the delay in hanging his

noted painting.

"La Paresee" portrays a beautiful
woman reclining on a divan, near a
curtained window, through which the
sunlight is streaming. When S. H. Church, president of the board of trustees of Carnegie Institute, learned that, despite its selection as a "first line" picture by the art jury, "La Paresee" had been kept out, he at once called a special meeting of the fine arts committee, and a resolution carding the picture to be esolution ordering the picture to be ung in a place of honor was adopted

It's Jeffery Week In

WASHINGTON.

HOSE who follow the trend of molor design know that the high speed, high efficiency, bloctype motor used in the Jeffery Four is in advance of the times. Jeffery engineers took to pieces every successful European and American motor before deciding upon this high speed, bloc-type design. From all these we took the best features, combined them with our own ideas and the result is a motor, powerful, light and economical.
